25	26	27	28	29	30	31

Congratulations Prince George!

In 2015, the City of Prince George had the **lowest contamination rate** of multi-stream recycling programs in BC. This means the recycling you set out contains the least amount of material that is not accepted for recycling in your blue boxes.

You have done a great job of keeping materials **not accepted** in curbside recycling such as plastic bags and overwrap, foam packaging, hazardous materials such as propane cylinders, and products such as toys, books and electronics out of your blue boxes.

Recycling is easy – start today!

Recycling is collected bi-weekly, so remember to put your blue boxes out for collection every second week so your paper and empty containers can be recycled!

Glass, plastic bags and overwrap, and foam packaging can be recycled at a depot.
