#### **ENSURE MORE MATERIALS ARE RECYCLED AND KEPT OUT OF LANDFILL BY REMEMBERING THESE PRO-TIPS:**

- Line it up. Put your cardboard between your boxes, not on top. Leave about 1m (3 feet) of space between recycling boxes and your garbage/organics bins.
- Keep it clean. Empty and rinse containers to prevent tamination, recycle more materials, and avoid attracting wildlife when you put them out for collection
- Flatten and cut. If your cardboard is too big for the blue box, flatten and cut it into smaller pieces, no larger than 76 cm x 76 cm (30 in x 30 in). Stack them loosely between your boxes. Don't forget to keep plastic wrap out of your recycling!
- Avoid litter. Don't overfill your recycling boxes. If you can't fit everything comfortably, contact Recycle BC's collection partner for an additional box or use a similar open box (like a laundry basket or storage box) to sort your material properly.
- 5 We're here to help. Download our app, email us at info@recyclebc.ca or reach out on social media @RecycleBC.
