- 6-pack rings
- Biodegradable, compostable, oxo-degradable plastic
- Vinyl

## How to Collect Your Flexible Plastics:

1. Empty and rinse!
2. Bundle your flexible plastics inside reused clear plastic bags (like bread or produce bags) before placing them in the pink box.

Set out your pink box between 5:00 a.m. and 7:30 a.m. on monthly designated flexible plastic collection days. Flexible plastics will be collected on a separate truck, so collection may be at a different time of day.

## Why bundle them?

Loose flexible plastics are light and flimsy. Bundling them keeps them from blowing away.
